

Storm Drain Marking Checklist

Thank you for participating in our storm drain marking initiative!
Your efforts will help improve water quality in your neighborhood
and throughout your watershed.

Before Your Marking Event:

- ☐ Complete and submit the online Proposal Form found at www.cobbstreams.org
- ☐ Collect all materials from the WSP office
 - Markers
 - Adhesive Pads
 - Biodegradable bags and accompanying educational materials for distribution
 - Maps of your marking area and data form
- ☐ Stuff the bags with educational materials
- ☐ Understand the difference between storm drains and sewer manholes

During Your Marking Event:

- ☐ Sweep or scrub dirt and debris off the concrete surface of the storm drain
- ☐ Peel paper from the adhesive pad & place it on the concrete surface near the drain
- ☐ Stand on the placed marker for about 30 seconds to help it adhere
- ☐ Pick up any trash you see
- ☐ Hang the bags from mailboxes or on the front doors of homes. DO NOT place bags inside mailboxes, as this is this is unlawful!
- ☐ Use a brightly colored pen to mark on your maps exactly where you placed each marker

After Your Marking Event:

- ☐ Fill out your data form completely
- ☐ Return completed data form and maps to the WSP office
- ☐ Return any extra materials to the WSP office

Thank you for your dedication to the environment!
